

Bovine Lameness Workshops 2017

9 CVE CREDITS

Wednesday, 19th July 2017, Cillín Mart, Kilkenny

The objective of this course is to equip Veterinary Practitioners with the practical skills and expertise to diagnose, treat effectively and advise on prevention of bovine lameness. There is a Practical Session which will take place at a local mart \ farm premises involving demonstration and hands-on practice of paring, shoeing and surgical techniques on cadaver feet.

Places are limited to 10 delegates, early booking is advisable.

Successful completion of the course will reward participants with **9 CVE Credits** in one single day.
