

Bovine Lameness Workshop 2018

9
CVE CREDITS

Wednesday, 7th November 2018 - Cillín Mart, Kilkenny
9.30 am - 5.00 pm

The objective of this course is to equip Veterinary Practitioners with the practical skills and expertise to diagnose, treat effectively and advise on prevention of bovine lameness. There is a practical Session which will take place at a local mart \ farm premises involving demonstration and hands-on practice of paring, shoeing and surgical techniques on cadaver feet.

Places are limited to 10 delegates, early booking is advisable.

Successful completion of the course will reward participants with
9 CVE Credits in one single day.

Ger Cusack qualified from UCD in 1982. He has been in mixed practice, mainly in Kilmacthomas, Co. Waterford for 30 years. During that time he has worked primarily with cattle and acquired a particular interest in bovine lameness. He has developed and delivered bovine lameness courses and lectures to both veterinary and farmer audiences throughout the country.
