

Veterinary Manager – Emergency & Critical Care Hospital

Belfield Veterinary Hospital Ltd is a joint venture between a group of SA practices and the UCD Vet Hospital that provides a high quality out of hours emergency service to the clients of over 50 member practices in Dublin and the surrounding areas. Our membership continues to grow and as an organisation we are currently expanding to meet the increased demand for outstanding pet healthcare and exceptional customer service.

We are now looking to appoint a Veterinary Manager, who reporting to the CEO will be responsible as part of our management team, to ensure the smooth and effective operation of the Belfield Emergency Veterinary Hospital team. The role in addition to the delivery of clinical care will be responsible for the management, development, and motivation of our team of clinicians to ensure the highest standards of clinical care and customer service are delivered.

Appropriate surgical & emergency care experience is essential. Candidates must be VCI registered and preferably a cert holder in medicine, surgery or emergency medicine. Strong decision making skills in clinical practice are required with the experience in and knowledge of the veterinary practice environment to be in a position to manage and mentor others.

Ideally the successful candidate will have good interpersonal & communication skills to support building effective working relationships and maintaining the highest levels of customer service.

A Competitive package is available for the preferred candidate.
